YOUR BABY'S PROGRESS

12-18 MONTHS

Starts walking, expresses wishes, says a few words.

18-36 MONTHS

Eat by themselves, can use a fork, potty train.

9-12 MONTHS

Stands up, wants to hold their spoon, grasps things between their thumb and their forefinger

6-9 MONTHS

Understands yes and no, taps objects on the table, holds their bottle.

5-6 MONTHS

Picks things up, recognises faces, sits up with support, sucks on all objects. Baby's first teeth grow in.

4 MONTHS

Holds up their head, starts picking objects up, hits things, explores their mouth.

2-3 MONTHS

Listens, babbles, smiles.

1 MONTH

Sucks and pushes food away with their tongue.
